Dear Hiring Manager,

I am writing to express my interest in the **Frontend Developer** position at your company. My name is Soeng Vicheka, and I am currently studying Web Development at **Passerelles Numériques Cambodia (PNC)**. I am passionate about building responsive, user-friendly web applications and am eager to apply my technical skills while continuing to learn from experienced developers.

Throughout my studies and academic projects, I have gained hands-on experience with HTML, CSS, JavaScript, TypeScript, Vue.js, and Git. I have worked on projects involving responsive user interfaces, search functionality, dashboards, and API integration. These experiences have strengthened my problem-solving, teamwork, and communication skills while teaching me the importance of writing clean, maintainable code and meeting project deadlines.

I am excited about the opportunity to contribute to your development team, expand my technical knowledge, and help create high-quality web applications. I have attached my resume for your review and would appreciate the opportunity to discuss how my skills, enthusiasm, and willingness to learn can contribute to your organization. Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Soeng Vicheka

SOENG VICHEKA

FRONTEND DEVELOPER
